Exper Mod
Drawer
Cod. CP-xx

Available in 4 heights (1, 2, 3 and 4 modules) and 2 widths (600 mm and 400 mm). Exper Mod is a drawer system universally compatible with FH solutions from warehouse to bedside.

- Automatic retraction and a full-width handle for easy opening from any position
- 110% opening for complete visibility
- Uniform height to prevent items from falling off the sides
- Rounded inner edges and corners for effortless cleaning and sanitization
- Up to 45 kg of load capacity
- 100% recyclable ABS plastic

Fully interchangeable
Fully compatible with all our solutions, including shelving systems, logistics columns, cabinets and picking stations.

Stock control
Available with QR codes, barcodes, RFID tags and Kanban indicators for quick stock reordering.

Color tags
Supplied with color-coded tags and a label holder for quick content identification.

Transparent option
Choose the transparent option for instant content checks without the need to open the drawer.

Custom internal organization
Equippable with bins in multiple sizes, offering over a dozen layout combinations.

Emergency Carts

Persolife Small
Crash cart
Cod. PLT43L4

Persolife Medium
Crash cart
Cod. PL41C5

Persolife Large
Crash cart
Cod. PL60C5

Extendable worktop

IV pole

Rotating defibrillator plate

Raised-edge worktop

Transportable drawers

Tilt-out bins

Available in

Antistatic wheels

Safe Locking
A simple gesture quickly unlocks all drawers. This action breaks the disposable, coded security seal, ensuring the integrity of the cart's contents.
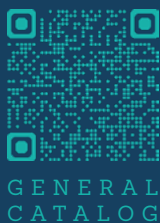

Organized Drawers
Thanks to our versatile bins, which offer various configurations, the drawers remain perfectly organized and keep everything you need within easy reach.

Back Features
All Persolife carts are equipped with an oxygen cylinder and a catheter holder on the back.
